## BUSSELTON AND SURROUNDS

Selection of plant species and notes on hedges - Richard Clark

This list of hedge plant species is restricted to local plants included in Busselton and Surrounds (origin). I have excluded large woody species which can be used for informal hedges and screens - *Callistachys lanceolata*, *Spyridium globulosum*, *Acacia saligna*, *Callitris preissii*, *Melaleuca viminea* and *lanceolata*, *Allocasuarina humilis* and *Banksia sessilis*, etc. - but they are included in the longer list of Western Australian species.
